

ADVENTURES IN CITIZENSHIP

Cont. from page 1.

entire groups and live as much as possible in accordance with the culture to which they are accustomed. I would like to spend some part of my life working among these immigrants, the new Canadians - trying to find out their native for emigrating to this country, and learning the mistakes made by their country even- going to the emigration, of many of its citizens. Then it would be possible for me to be on guard for the birth of similar mistakes in Canada. I would then endeavor to make closer to them the Canadian way of life to reach them the idea is for which their new country stands.

I would also like to spend several years of my life among the real Canadians - the Indians. From them I would be interested in learning of their problems adjusting to the fast paced way of life. I would then work toward making the Indians feel like a real Canadian citizen by listening to their wild feelings of patriotism. This task would not be easy. It would only be accomplished over a period of several generations. A new road must then be devised for the gradual introduction of the Indians into modern society.

The mechanics of a strong, well formed government has always been one of my primary interests. During my University career I would like to make an intensive study of the political parties of Canada.

ated of their origins. Then after the previously mentioned experience with the people of Canada I would like to join one of the parties to the realm of National politics. I would choose a field in which I could work as closely as possible with the citizens of Canada and the citizens of those countries with which she has relations.

I feel that if at some time during my life, I can through work with fellow citizens, do something to make Canada a better place in which to live, I shall have done my duty as a Canadian citizen.

HOME AND SCHOOL.

Cont. from page 1, Col. 3.

As this subject has been under considerable discussion by the local Home and School body the executive note with interest that an invitation has been extended to residents of this area who may be interested in such a task, to attend the event being held at the Drayton Valley Curling Club. Twenty-four of these rings limited up in one of the six events. The Curling Club received a great number of comments both favorable and a few unfavorable on the operation of the Bousquet and also the newly remodeled Curling Ring.

It is easy to live within your house on Saturday, Sunday and Monday - when your pay day is Friday.

"I'm Gladly Zill."

"Sit down and tell me why."

New invention - an alarm clock without a bell for people who do not intend to get up.

Pictured above are the rink that went undefeated through the eighth Annual Men's Open Bousquet to win the Pembina Pipeline Event and the Grand Aggregate sponsored by Amoco Steel and Norika Products. They are from left to right: head Tony Swane, second Brian Taylor, third Ray Oserna, and Skip Jack McCoy. Presenting the Amoco Grand Aggregate Trophy is Lorne Bartley.

Curling

Highway Event Becomes Formal

Fifty of the thirty-four rink in the eighth Annual Men's curling at the popular Drayton Valley Curling Club. Twenty-four of these rings limited up in one of the six events. The Curling Club received a great number of comments both favorable and a few unfavorable on the operation of the Bousquet and also the newly remodeled Curling Ring.

The Bousquet started off with a donors reception in the Club Lounge. The Curling Club Lounge, the curling club being the home for this event. Refreshments were served by the Ladies Curling Club. The Mens Curling Club would again like to extend a

great appreciation to the donors who are partially responsible in making this Bousquet a success.

Thursday evening the Bousquet was favored with the ladies version of the Mineral Shiges or what ever they might have called themselves. The Show was quite popular with a few of the MensClub Personal such as Tim La-Branch.

The results of the Bousquet were as follows:

Grand Aggregate Pembina Event
1-Jack McCoy Edmonton
2-Ken Ewoniak Drayton Valley

3-Tal Ford Edmonton
4-Dan Pedot Drayton Valley

Drayton Valley Hotel Event
1-Grant Chumey Sedgewick
2-Camwood Wire Line
3-Miller Buckle
4-Nikolychuk Wildwood

Don't be afraid to take a big step if one is indicated. You can't cross a chasm in two small jumps.

-David Lloyd George

Edmo Franchising Event
1-Bill Kooy Edmonton
2-Dale Ryan Drayton Valley
3-Bradford Hinton
4-Ron Wells Evansburg

Redwell Servicing Event
1-C, Campbell Evansburg
2-Cleon Breton
3-Ken Machan Drayton Valley
4-Solant Lidogole

Roses Wall Service Event
1-Sidogole Drayton Valley
2-Malowsky Edmonton
3-Melton Drayton Valley
4-Samuel Drayton Valley

James Auto Body Event
1-Slick Buck Lake
2-Darvis Drayton Valley

C of C Sponsors Course

MANAGEMENT ACCOUNTING COURSE TO START SOON.

It was announced by the Chamber of Commerce this morning that, as a result of application received from many people in the community and district an eight week management accounting course, conducted by the Division of Vocational Education of the Alberta Department of Education would start at the old St. Anthony's School, on Thursday, March 14th at 5:30 p.m. with

subsequent classes to be held each Thursday evening. There are still a few vacancies for this course and it is suggested that anyone interested in taking it should contact Bob Cowan at 542-2072 (2085 evenings) to arrange for enrollment. This is the first such course to be arranged by the local Chamber and there is an excellent possibility that courses in other subjects will be forthcoming in the future.

Air Cadet

AIR CADETS HOLD SPORTS MEET

A smashing success. That is only way to describe the first cadet inter-squadron sports meet held last weekend at Whitewater. Events were run off right on schedule, the lunch supply was most tasty, and the boys enjoyed the fellowship and sportsmanship of open competition.

The plans for this sports meet were first discussed last summer at the Whitewater and Drayton Valley Squadron Cadet and Officer meet at Camp Namsa, and the success of this venture will assure more meets such as this.

Drayton Valley Cadets arrived right on the time at 12 noon to find the Whitewater lunch committee ready with sandwiches and hot chocolate & the bar. After a quick inspection of our Whitewater facilities, the sports event got under way with two Drayton Valley teams challenging two Whitewater teams. At the bowling alley Action was soon hot and heavy as two five man bowling teams from each Squadron tangled for top bowling honors. Cont. on Page 4.

"January Thaw"

Some of the cast members of "January Thaw". Top Picture: Betty Mondell as Marge Gage. Bottom Picture: Margo Palmer plays Barbara Gage. Larry Beckett plays Matt Rockwood.

Our Town Recreation Office has been turned into a rehearsal stage almost every evening of the week with director Pat Moore and her cast of players putting finishing touches to "January Thaw" the 3-act comedy to be presented at St. Anthony's School Auditorium, Friday and Saturday, March 19 and 20.

The play is excellent family entertainment. Get your tickets soon at the (rehearsal) Bay office and McPherson's Men's Wear Shop.

Our readers may be interested to know that representatives of the Orea group have been invited to appear on the LAURA LINDEA show, CFTV-TV, Thursday March 18, at 7 p.m. So come to reserve that time for TV viewing.

Police Report For 1984

VEHICLES AND HIGHWAY TRAFFIC ACT.

During the year 40 Court cases were dealt with in Magistrate Court with fines totaling \$102.

In two incidents the persons involved took the jail seat once this was in regard to having no drivers licence and no insurance, as well as being charged under the Criminal Code of for being an Impaired Driver.

Of the above noted cases - 21 with having no Drivers Licence, 1 case was under the Motor Vehicle Indemnity Act, 7 cases dealt with Careless Driving in the Town and the remainder of the cases dealt with faulty equipment.

TOWN BY-LAWS:

Infractions dealt with in Court under the Town By-Laws were

LIQUOR CONTROL ACT.

40. These dealt with motor vehicle cases and a few under the Traffic Licensing By-Law, fines amounted to \$476.00.

Court Cases Involving Liquor

numbered 22. Fines in this regard amounted to \$1,500.00.

In fractions under the Liquor Act dealt with most Illegal Possession, Intoxication of mind and those under legal age obtaining liquor. One case involved a person selling liquor. In addition to Court cases several persons were intoxicated during the year.

CRIMINAL CODE:

The number of Court cases during the year under the Criminal Code was 50. Those in this regard amounted to \$1,265.00. In addition to this several persons received jail sentences.

Several cases involving theft and breaking and entering are outlined as follows:

January - 2 persons involved in breaking and entering and Theft of a dwelling place received 0 6 months in the Fort Saskatchewan Jail. (5) Six months suspended sentence since this was a first offence.

February - 2 persons involved in breaking into 2 separate buildings each received a 1 year sentence. One person received a fine of \$25. for shoplifting, one person received a fine of \$10. for shoplifting.

April - one person received a sentence of 3 months for theft. In this instance the case dealt with the theft of money. One case of shoplifting the person was fined \$50.

TOWN OF DRAYTON VALLEY Tenders

Sealed tenders, subject to conditions named herein, will
be received on April 1, 1986 until 2:00 p.m. M.R.T., at
the Drayton Valley Town Hall, for the construction of the
following: Construction of Salt-Cement Asphaltic Prepa-
ment, Concrete Curb, Gutters and Sidewalks.

Salt-Cement Base Course	47,000 SY
Asphalt Pavement	47,000 SY
Concrete Curb & Gutter	16,800 LF
Combined Curb-Gutters & Sidewalk	830 LF

General Contractors may obtain copies of the plans, speci-
fications and contract documents at the office of Corbitt
Engineering Co. Ltd., on March 11, 1986 for a deposit of
\$25.00. The deposit will be refunded at the return of the
plans and specifications at the submission of the tender.
When a contractor fails to submit a tender, his deposit
will be refunded only if plans and specifications are re-
turned prior to the date of the closing of tenders.

Each contract must be accompanied by a surety in the
form of bond or certified cheque, payable to the Town of
Drayton Valley as called for in the "Instruction to Bidders"
Section of the specifications.

The Owner reserves the right to reject any or all tenders
and the lowest tender will not necessarily be accepted.

REPORT FROM LEGISLATURE

Mr. Comella R. Wood, M.L.A.

On Thursday of the second week in the Session, Hon. Fred Cochrane, Minister of Public Works led off in the debate on the Speech from the Throne. He gave a report of the community development program being conducted at Fort McMurray. He stated that 25% of the employees of the company building the oil sands plant were Indians and Metis and they were proving to be good reliable workers. The sum of \$150,000 was being made available to help to employ Native people in Fort McMurray for new modernized plant.

Mr. Cochrane also stated that Ottawa should continue to assume full responsibility for residents on Indian Reservations.

Charles Johnson (P.C., Calgary) proposed a resolution (for the Alberta Health Insurance Plan and that it be extended to cover dental, ambulance costs and dental services. He stated the Alberta Hospital program as the best in Canada.

Hon. A.R. Patrick, Minister of Industrial Development, in answer to a question stated that the four western provinces were having a joint display at the 1967 World Exposition in Montreal. A 1900,000 exhibit portraying the resources development and cultural achievements of western Canada was being built at a cost of \$250,000 to Alberta and the same to British Columbia and \$200,000 each to Manitoba and Saskatchewan. These costs are based more on a population basis.

A resolution moved by F. L. Galtner (Coalition Banff-Cochrane) and seconded by Dickie (Lib., Calgary) more asked that the government instruct the Safety Council a specific project. Debate was followed by R.D. Jorgensen (P.C., Pembina) and seconded by the member of the Alberta Safety Council.

Hon. R. Peterson, Minister of Labor and Telephone, in continuing that Throne Speech Debate stated that in 1964, Alberta had only 7 million. He stated the Government was making a study of amendments to the Telephone Act to permit phone tapping but not introduce such provision this session. Mr. Peterson stated that over the next five years, his telephone department plans to spend between \$30 and \$40 million on rural telephone development. Unusually

overhead telephone wires are to be all underground within 10 years be said and estimated that an upward revision of rates was in the offing.

Mr. C.R. Wood (P.C., Stony Plain) told of the 5-year paving plan for all townships in Drayton Valley and the advisability of the link of road joining Drayton Valley and Needles. She paid tribute to the Vancouver Firemen of Stony Plain for once more placing first in the Fire Prevention Week competition for towns under 500 population. She dwelt on the Age of Adolescence subject by automation and cybernation and stated that this could not be met by using the present worn-out monetary system.

Hon. L.C. Hahnsterg, Minister of Health stated that the Provincial pension payments made to those aged 65, will be withdrawn when the Federal Government includes them in their Pension Plan. Welfare diagnostic units are to be built in Edmonton and Calgary for young girls who have serious behavior problems he said. Group homes are to be built for them. He outlined a plan to prevent welfare dependency and would meet with municipal bodies, welfare councils and United Funds to explore the possibilities of such a welfare prevention program.

F.L. Galtner (Coalition Banff-Cochrane) expressed concern over cattle-rustling and the tendency shown these people in some cases. He told Dr. Galtner (P.C., Edmonton) West to ask for suggesting depriving the citizens of their vacation. He stated that Alberta have been greatly benefited through the development of our natural resources, particularly of our oil end oil, to help meet the high cost of University training for the increasing number of students, he suggested a year-round operation of our Colleges and Universities.

Wm. Dickie (Lib., Calgary) stated that the Alberta Nursing Home were not all "Milk and Honey" in their treatment of patients and he posed thirty questions regarding the management of these homes in Calgary and their management there. He criticized the Alberta government's salary of lack of it in bringing industry in the Province.

E.F. Montgomery (P.C., Peace River) dealt with the importance of farming and the land to be opened for it in the North country. He urged that more rapid attention be given to

C.K. French (S.C., Hardisty).

Public Notice

Notice is hereby given, that, under authority of Sections 366 and 403 of the Town and Village Act of Alberta and amendments thereto, The Council of the Town of Drayton Valley, intends to proceed with the construction of the project as shown on the schedule below.

5. Total Yearly Assessment Against All Property 5,171.59

The cost of the project will be charged against the properties fronting or abutting and shall be undertaken as local improvements. The special assessment will be payable as either a year payment or over a period of ten (10) years. Unless the majority of the owners of the land that may be assessed, representing half of the value at appraisal, object the local imp. payment may be undertaken and the cost thereon assessed by the system of assessment referred to in the notice.

If no objections are received the Council will proceed with this project as its discretion but within two years. Final reading of the by-law will be given as soon as all approvals have been received.

TOWN OF DRAYTON VALLEY
March 3, 1968

W.G. JOHANNSSON
Secretary-Treasurer

Academy expressed agreement with the policies of the Department of Lands and Forests in reforestation. He told of the heavy traffic travel to the Pine Point area. He urged that this road be hard surfaced soon.

N.A. Malby (P.C., Willingdon) traced the history of Parliament from January 29, 1965 when Simon de Montfort summoned the first group of citizens to hold a court in England. He said that the great concern of farmers over the lowering of remounted for wheat was prevalent in his constituency.

Wm. Tomy (P.C., Edmonton) stated that the matter of education of our youth is our chief concern and deplored the fact that internal troubles caused many University today. Trust and decency should be a champion in Government, he said.

R. Elb (S.C., Gretna) praised the development of oil exploration in his constituency and

paid tribute to the Members of the Northern Development Council and their sensible recommendation that the Vocational School at Grout with 350 students, mostly from the Peace River area, be changed with Mrs. Schultz as leader and Mrs. Hutchins as assistant leader.

On Wednesday afternoon, A.O. Flinter (S.C., Spirit River) the 10th speaker in the debate laid off. He spoke of the economic of the new railway to Pine Point and the great boon it will be to agriculture and other development to the entire district. He told of the large tracts of land available for homesteads and of the increased number of applications for land. He commended the government for providing road and other facilities to blocks of land before throwing them open for homestead.

Rev. R. Simpson in closing the debate stated that Dr. S.C. Galtner had made the short (Cont. on Page 13, Col. 9)

Public Notice

Notice is hereby given that, under authority of Sections 366 and 403 of the Town and Village Act of Alberta and amendments thereto, The Council of the Town of Drayton Valley, intends to proceed with the construction of the project as shown on the schedule below.

THIS MAN'S DISABILITY INCOME TOPPED TOO SOON

Life plans available to-day provide an income for short periods only. But disability status, adequate one in three of us are disabled for 3 months or longer before age 65 and the average length of disability will nearly double—30% with permanent.

Manufacturers Life specializes in providing income not only when needed but for as long as you need it. Our Personal Income Protection Plan is a flexible policy which can add a unique benefit. This flexibility allows term income protection when the means of many who normally afford only short term protection.

ROYAL BANK

IMPORTANT NOTICE TO BORROWERS & SAVERS

The Royal Commission on Banking and Finance recommended the removal of the 6% ceiling on the rate of interest a chartered bank may charge for loans. We hope that the Bank Act, due for revision by Parliament soon, will in fact remove this ceiling and also enable the chartered banks to take mortgage security—now prohibited by law but recommended in the Royal Commission report.

To Our Borrowing Customers

To remove any uncertainty in the minds of our borrowing customers, the Royal Bank wishes to assure them that removal of the ceiling will not of itself affect our prevailing loan rates. The general level of these rates is determined by monetary policy as formulated by the Government and implemented through the Bank of Canada. However, the changes proposed by the Royal Commission will, if enacted in law, enable the chartered banks to enter lending fields hitherto closed to them. Thus the banks will be in a position to make, at reasonable rates, loans of a term and risk which, under present regulations are available only at higher rates outside the banking system.

We look forward to the removal of the ceiling as a means by which we can serve a wider public, not as a means by which we can charge higher interest rates on our present types of loans.

To Our Savings Customers

Removal of the ceiling, by permitting us to make new types of loans, will enable us to introduce a new type of savings account on which a higher rate of interest will be paid.

Thus, removal of the 6% ceiling—

1. Will benefit the owners of 12,000,000 savings accounts with the chartered banks.
2. Will not hurt existing borrowers.
3. Will help those now forced to borrow outside the chartered banking system, by providing them with loans at more reasonable rates.

WHEN THE LEGISLATURE OPENED we caught the picture of Mrs. Wood, M.L.A. from Plain Constituency. Left to right they are, Mr. Robert Anderson, who served for 41 years as Clerk of the Assembly, Mrs. Wood, Mrs. Joan S. Hall, Assembly stenographer, Mrs. Anderson and Mr. J. Hartley, M.L.A. for Meleed.

Mr. Anderson was the first life member of the Press Gallery, for the Alberta Legislature.

Oil Wives Meeting

197 members & 8 new members and 60 guests gathered at the Elks Hall on March 8 to celebrate Drayton Valley Oil Wives seventh birthday. Every one came dressed in the costume of their favorite sport. There were ball players, curlers, skiers and fishermen, a scuba diver, a badminton player and one member in a beautiful pink negligee. All together, we counted a representation of 14 different sports.

A beautiful birthday cake carried the lead cake. This was later, raffled and won by five Snoggers. After a delicious turkey dinner, served by the Legion Ladies, a short business meeting was held.

The evening's entertainment was the Annual Talent Show which once again proved to what a terrific variety of talent members we have. The program was as follows:

1. A curvaceous chorus line of 10 high-stepping cuties called the "Circuseter".
2. An arrangement of ice-

Don't forget the big dance called "Country Capers" on March 19, at the Elks Hall Casual or Western dress. Reserve soon for yourself and friends. Marianna Martin, Fabulous Floor Show and Superb Midnight Supper. See you all there.

W.I. MEETING

The regular literary meeting of the Drayton Valley Women's Institute was held as usual in the Library. Nine members and five guests were present.

A short film "Interesting Occupations" was shown.

Member received copies of the 1964-65 program books. The Branch Bylaws were read and passed without amendment.

A Centennial Project for the local Women's Institute was discussed. A hedge to provide privacy, planned around the Drayton Valley cemetery was suggested. This plan is being investigated.

Have you any old school texts? It doesn't matter if they are out of date or worn. Drop them off at Barrows Motors, and the Institute will send them to countries where there are no school books available to the children.

Plans are already underway for the Women's Institute Annual Show. A Committee has been named: Mrs. L. Cleary, Mrs. Roy Burrows, Mrs. H. Davidson, Mrs. F. Chisholm, Mrs. H. Deby.

Next meeting will be held at 8 o'clock Monday evening March 15th at the Library. Any Ladies interested in attending a lively and friendly meeting, phone 542-5159 in the evenings. Be our guest.

Who said "GHOST TOWN"? Whoever it was, they were talking about it. I'm applying it to Drayton Valley.

Never, but never has it been so hard for newcomers to rent a place as it is now.

Looks like a little "investment capital" might still be spent in apartment blocks.

Report From Parliament

REPORT FROM PARLIAMENT
HILL - March 4, 1965 - Dr. H.M. Hoffer, M.P.

After two months a recess, Parliament is now attempting to bring to an end the longest Parliament in history.

Last week saw Parliament pass the new Federal Labour Code, and we are told that there are at least two more important pieces of legislation to be passed by this Parliament. The Canada Pension Plan, and what is commonly called the "Old Age Security Act" which gives the provinces an opportunity to opt out of any joint Federal Provincial program.

The new Federal Labour Code passed last week in general terms, provided that all employees under jurisdiction of the Federal Government would have a minimum wage of \$1.55 per hour with a forty hour week, and certain other benefits, such as, two weeks' vacation pay and eight statutory holidays. There was general agreement with the principles of this legislation, but, there were a number of details that caused some concern. The Government accepted a number of suggestions from the Opposition in the form of amendments that improved the legislation in its final form. The new Labour Code will have to be quite satisfactory to those affected.

The Minister has given his assurance that the legislation, which also covers operations of western grain elevators, is flexible enough to provide for efficient service to the farmers, without interfering with the rights of the employees. A statement which I take to mean what the Minister has said, will be used to provide some final service during the harvest period.

The Canadian Pension Plan is now in the process of being passed by Parliament. Most people are aware that special committees studied the Pension Plan during the Christmas recess. All parties of the House seem to be in agreement on the principles of the plan, but the plan submitted by the government, while it has many good points, has many obvious weaknesses. In fact there are some two million people in Canada who will not be covered under the present terms. These include, self-employed persons earning less than \$800 per annum, all those already retired and those including the old age pension. One of the biggest faults in the pension plan is that it is not actually sound; give benefits to some and nothing to many others. On the other side of the ledger, however, it will be possible and will provide a pension plan for people not already paying into a private pension plan. It is a very detailed and complex plan, goes into very detail, survives pension, widow pension, etc.

The third piece of legislation that the government would like to have passed before this Parliament ends, is the Act called "An Act respecting the Operation of Certain Railway Lines of the Canadian National Railway." This Act gives control to any province to drop out of jurisdiction. It is now involved with the Federal Government. It will be mainly used by the Province of Ontario, who is interested in operating out of as many as twenty-five federal provincial programs. To many of us, this seems to be a very important piece of legislation, which also covers operations of western grain elevators, is flexible enough to provide for efficient service to the farmers, without interfering with the rights of the employees. A statement which I take to mean what the Minister has said, will be used to provide some final service during the harvest period.

The Canadian Pension Plan is now in the process of being passed by Parliament. Most people are aware that special committees studied the Pension Plan during the Christmas recess. All parties of the House seem to be in agreement on the principles of the plan, but the plan submitted by the government, while it has many good points, has many obvious weaknesses. In fact there are some two million people in Canada who will not be covered under the present terms. These include, self-employed persons earning less than \$800 per annum, all those already retired and those including the old age pension. One of the biggest faults in the pension plan is that it is not actually sound; give benefits to some and nothing to many others. On the other side of the ledger, however, it will be possible and will provide a pension plan for people not already paying into a private pension plan. It is a very detailed and complex plan, goes into very detail, survives pension, widow pension, etc.

I think all Members certainly hope that some sort of solution can be found to cure Canadian internal problems.

Teachers Convention

Teachers from the Stony Plain and Westlock School Divisions, and the Lac Ste. Anne and Hardisty Counties attended the Teachers' Convention at the Macdonald Hotel in Edmonton on February 11 and 12.

The two-day session was quite a change from classroom management as the teachers found themselves taking part in many and varied addresses, panels, and topics.

The purpose of the Teachers' Convention is to provide the professional members with some touches of inspiration, to expose to teachers various methods of presenting subjects, and to inform teachers of recent and coming changes in curriculum.

After the singing of O Canada, Rev. Masters of Macdonald United Church gave the invocation. City Aldermen, Mr. Frank Edwards extended a welcome from the City of Edmonton. Honorary President Dr. Lord, the former principal of the Edmonton Normal School, expressed his desire, "that teachers make their pupils aware of the great joy of living."

Guest speakers included Dr. C.A. Jeffrey, President of English, Chicago Teachers' College; Dr. R.H. Harper, Associate Professor of Educational Psychology, University of Alberta; Mr. P. G. St. John, Assistant Dean of Education, University of Alberta; Mr. L. Hall and Mr. N. Andrews, Inspector of High Schools, and other Faculty and Department Officials.

The success and benefits of such conventions cannot be accurately measured, but suppose are definitely fulfilled in some degree, for usually the teachers are ready to resume classroom duties with a new idea, inspiration, or method of professional improvement.

The benefit is really going the way of the American buffalo, to which he bears a strong resemblance.
